

New Tab Menu

Matrix new tab menus add flexibility to the content of each tab. As a result, we have reduced the original 14 tab menus to 12 and have moved the **Open House** and **History** tabs to the **Search** tab. This added flexibility allows members to view all the tab menus without having to scroll right.

1. Log on to Matrix and view the 12 tab menus.

The 12 Tabs of Matrix:
